

Redhill Forest Tree Removal Application

- There is no charge for committee review of a tree removal application.
- Extensive landscaping changes require Design Review Committee approval.
- Approved tree removal(s) require the entire tree to be removed including the stump being ground out. If the stump is not ground out you may be subject to an enforcement action.
- Slash must be stored as neatly as possible and removed from the site within 30 days after site work preparation is completed.
- Tie survey tape around each tree proposed for removal.

Please allow two weeks for field checking of marked trees.
